This is a Car Real-Time Vehicle library (CrtVehicle) installation package.

It contains the following files:

- 'ReadMe.txt': this file;

- 'CrtVehicle': a ready-to-use Twin Activate library with all CRT models and functions.

  See below for installation instructions;

- 'ReleaseNotes.txt': Short descriptions of updates, fixes and known issues.

- 'ThirdPartyNotices.txt': Short descriptions of third party code being used in CRT.

Installation of CrtVehicle

- Start Twin Activate, Release 2023.1 or newer.

- Remove a previous version of CrtVehicle from Extension Manager (if any exists)

- Unzip CrtVehicle.zip to an arbitrary path

- Add CrtVehicle folder as new Extension in Extension Manager

What will be installed

- The CrtVehicle library in the Palette;

- Examples of CRT models usage in Demo Browser

  (if not visible, please select View>Demo Browser);

- Documentation available by right-click>Help on any block of the library;

Within Twin Activate, please visit CrtVehicle>UsersGuide>QuickStart for a quick introduction;
